We are purely France-Canadian engineering company focused on developing and production of individual steel warehouse and transportation systems. In particular, in automotive industry, we have become a stable and flexible supplier of certified warehouse and shipping pallets, crates, containers and steel structures that we produce with the help of latest technology. Our products help people with more efficient handling, transport and storage on all continents of the world. We produce our product globally with our partners.

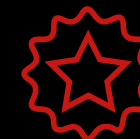

INNOVATION

We accept challenges and we are still looking for new solutions.

EFFICIENCY

With a minimum of input resources to the maximum quality and volume of products.

QUALITY

We use the latest technology and only high-quality materials.

PRICE

We always try to find the best solution in ratio of price and quality for you.

PALLETS FOR TIRES

Types of pallets:

- pallets for passenger tires
- pallets for TRUCK / BUS tires
- pallets for SUV tires
- pallets for AGRI / EM tires

Tire storage:

- vertical
- horizontal
- laced
- mixed

Floor variants:

- full sheet
- perforated steel sheet
- wire mesh
- grid

Pallets for passenger tires

All our pallets for passenger tires are foldable. The main reason for this solution is a space efficiency of empty pallets. It is possible to store max. 20 empty pallets one on each other. The most common stackability of fully loaded pallets is 1 + 3-4 pcs.

You can find different floor variants:

- full sheet
- perforated steel sheet
- wire mesh
- grid

We offer removable bars, sidewalls can be foldable, removable or occasionally fixed.

Pallets are equipped with lugs on both sides for easy handling by skids of fork-lift.

We can offer:

- sales and rental of pallets
- warranty and post-warranty service
- warehouse optimization

Pallets for passenger tires - LACED

NEO 22LE

Load capacity	1000 kg	Height	2205 mm
Surface finish	Powder coating	Pallets / truck 120 cbm	96
Ground plan	2395 x 1250 mm	Pallets / container 40" HC	62
Stackability	4 / 20	Storing	Laced

NEO 22LW

Load capacity	1000 kg	Height	2205 mm
Surface finish	Powder coating	Pallets / truck 120 cbm	96
Ground plan	2395 x 1250 mm	Pallets / container 40" HC	62
Stackability	4 / 20	Storing	Laced

NEO 22LO

Load capacity	1000 kg	Height	2205 mm
Surface finish	Powder coating	Pallets / truck 120 cbm	96
Ground plan	2395 x 1250 mm	Pallets / container 40" HC	62
Stackability	4 / 20	Storing	Laced

NEO 20LW

Load capacity	1000 kg	Height	2000 mm
Surface finish	Powder coating	Pallets / truck 120 cbm	96
Ground plan	2395 x 1250 mm	Pallets / container 40" HC	62
Stackability	4 / 20	Storing	Laced

NEO 18LE

Load capacity	1000 kg	Height	1800 mm
Surface finish	Powder coating	Pallets / truck 120 cbm	96
Ground plan	2395 x 1250 mm	Pallets / container 40" HC	62
Stackability	5 / 20	Storing	Laced

NEO 18LW

Load capacity	1000 kg	Height	1800 mm
Surface finish	Powder coating	Pallets / truck 120 cbm	96
Ground plan	2395 x 1250 mm	Pallets / container 40" HC	62
Stackability	5 / 20	Storing	Laced

PALLETS FOR TIRES

Pallets for passenger tires - VERTICAL

AT 002

Load capacity	300 kg	Height	787 mm
Surface finish	Powder coating	Pallets / truck 120 cbm	210
Ground plan	2293 x 1078 mm	Pallets / container 40" HC	143
Stackability	10 / 32	Storing	Vertical

AT 003

Load capacity	300 kg	Height	787 mm
Surface finish	Powder coating	Pallets / truck 120 cbm	210
Ground plan	2343 x 1078 mm	Pallets / container 40" HC	130
Stackability	10 / 32	Storing	Vertical

AT 007

Load capacity	350 kg	Height	1000 mm
Surface finish	Powder coating	Pallets / truck 120 cbm	210
Ground plan	2343 x 1078 mm	Pallets / container 40" HC	130
Stackability	9 / 32	Storing	Vertical

AT 12255

Load capacity	600 kg	Height	1542 mm
Surface finish	Powder coating	Pallets / truck 120 cbm	208
Ground plan	1492 x 1082 mm	Pallets / container 40" HC	165
Stackability	6 / 20	Storing	Vertical

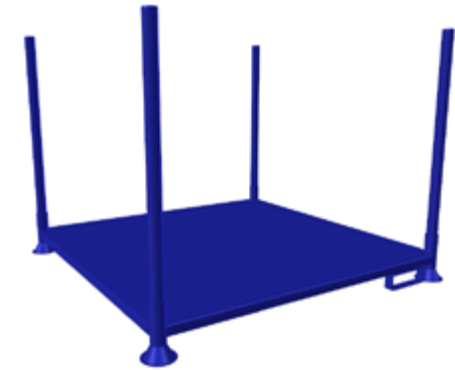

AT 334

Load capacity	500 kg	Height	1048 mm
Surface finish	Powder coating	Pallets / truck 120 cbm	80
Ground plan	2297 x 1330 mm	Pallets / container 40" HC	62
Stackability	9 / 20	Storing	Vertical

Pallets for passenger tires - HORIZONTAL

AT 91878

Load capacity	1300 kg	Height	1596 mm
Surface finish	Powder coating	Pallets / truck 120 cbm	120
Ground plan	2140 x 2140 mm	Pallets / container 40" HC	100
Stackability	5 / 20	Storing	Horizontal

PALLETS FOR TIRES

Pallets for TRUCK/BUS tires

Specially designed pallets are intended for the storage of heavy tires of trucks and buses in a vertical manner for maximum efficiency of warehouse space. Pallets are stackable. They are equipped with lugs for easy handling on skids of the fork-lift. The sidewalls are very easily foldable.

We can also offer:

- sales and rental of pallets
- warranty and post-warranty service
- warehouse optimization

Pallets for TRUCK / BUS tires

AT 004

Load capacity	550 kg	Height	1207 mm
Surface finish	Powder coating	Pallets / truck 120 cbm	210
Ground plan	2293 x 1078 mm	Pallets / container 40" HC	143
Stackability	7 / 32	Storing	Vertical

AT 005

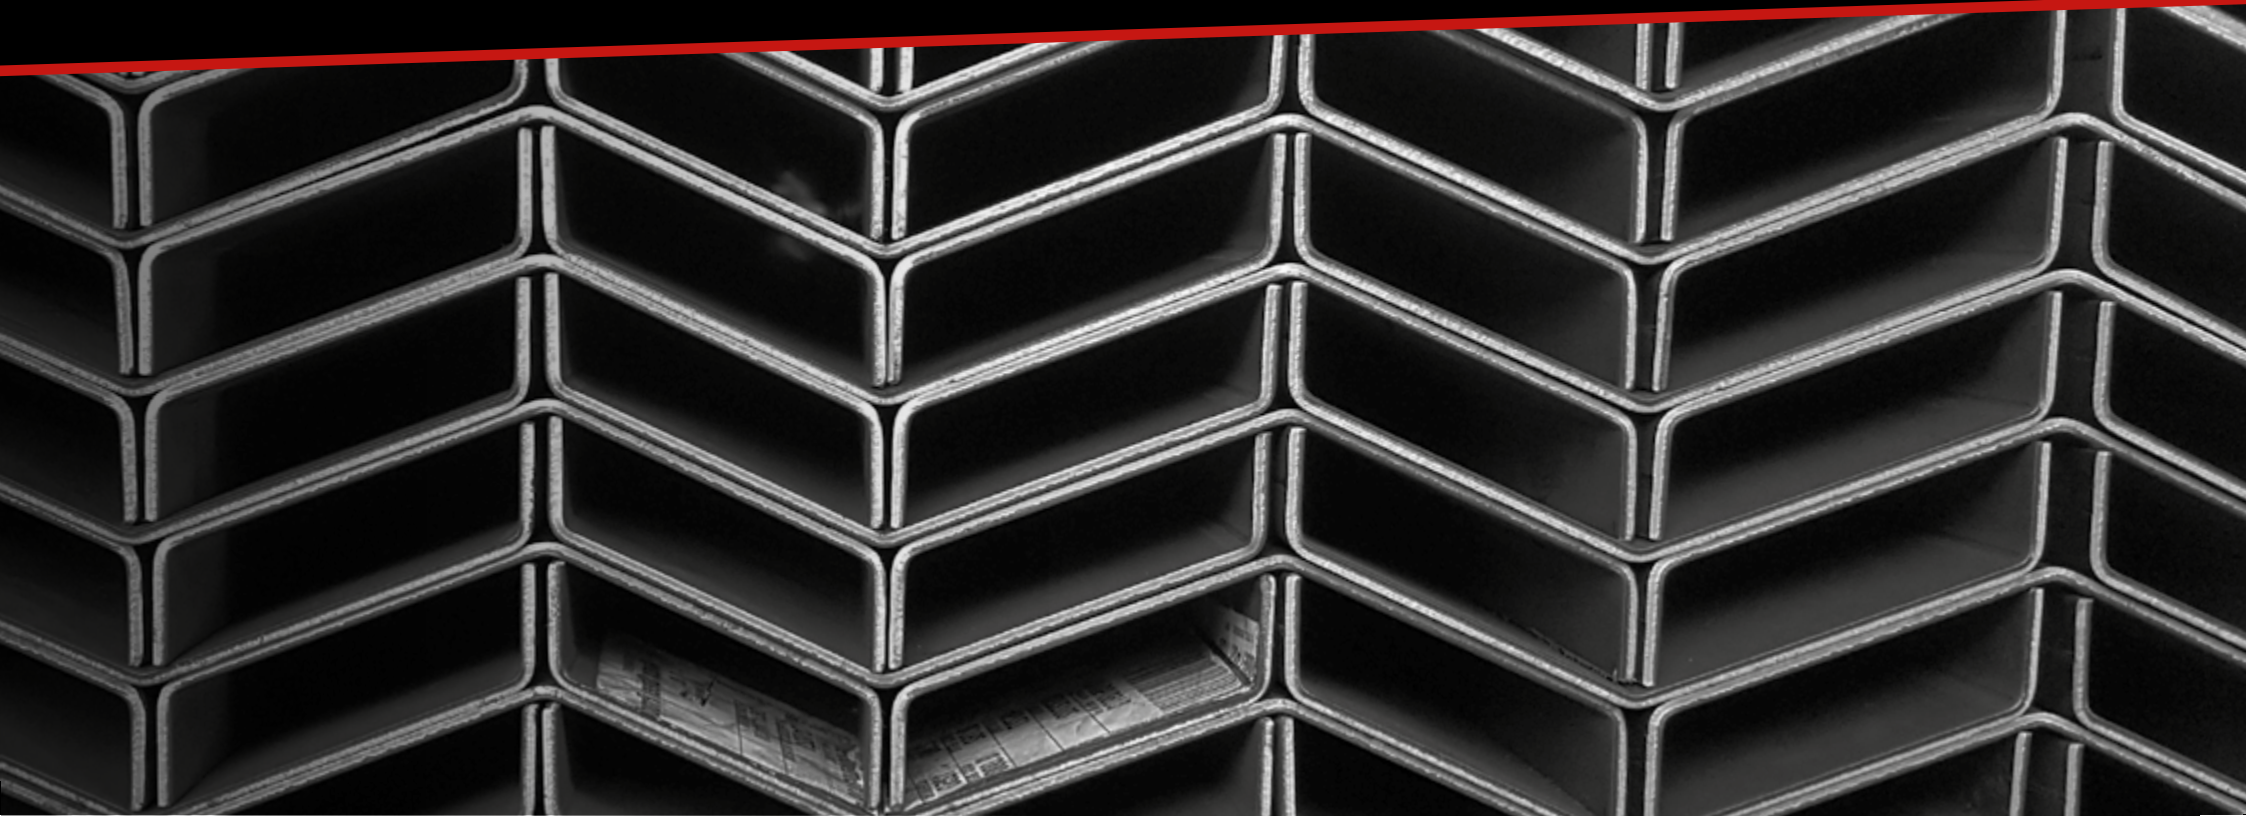

Load capacity	550 kg	Height	1207 mm
Surface finish	Powder coating	Pallets / truck 120 cbm	210
Ground plan	2343 x 1078 mm	Pallets / container 40" HC	130
Stackability	7 / 32	Storing	Vertical

AT 140

Load capacity	550 kg	Height	1280 mm
Surface finish	Powder coating	Pallets / truck 120 cbm	156
Ground plan	2345 x 1185 mm	Pallets / container 40" HC	119
Stackability	7 / 20	Storing	Vertical

AT 141

Load capacity	600 kg	Height	1020 mm
Surface finish	Powder coating	Pallets / truck 120 cbm	130
Ground plan	2345 x 1397 mm	Pallets / container 40" HC	88
Stackability	8 / 20	Storing	Vertical

AT 86938

Load capacity	800 kg	Height	1449 mm
Surface finish	Powder coating	Pallets / truck 120 cbm	90
Ground plan	2350 x 1330 mm	Pallets / container 40" HC	40
Stackability	6 / 20	Storing	Vertical

AT 377

Load capacity	1200 kg	Height	2156 mm
Surface finish	Powder coating	Pallets / truck 120 cbm	96
Ground plan	2297 x 1250 mm	Pallets / container 40" HC	62
Stackability	4 / 20	Storing	Vertical

PALLETS FOR TIRES

Pallets for SUV tires

Stackable steel pallets are intended for storage of tires, characteristics of SUV and 4x4 cars, they are conceptually somewhat distinct from pallets for passenger tires, and that not only concerning the material from which they are manufactured.

The most commonly used are the pallets with folding sidewalls. We produce 2 types of hinges – simple solution for soft pallets or lockable sidewalls for higher and heavier pallets.

For easy handling by skids of forklift, lugs are always placed on the long side of the palette. These types of pallets are suitable for storing of tires in the vertical, horizontal and laced way.

We can offer:

- sales and rental of pallets
- warranty and post-warranty service
- warehouse optimization

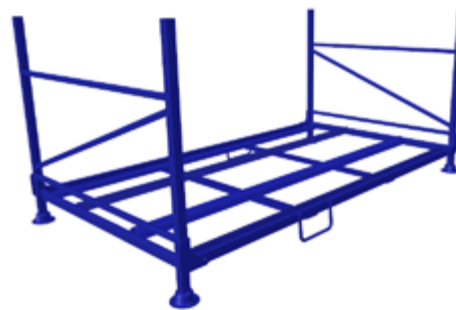

Pallets for SUV tires

AT 007

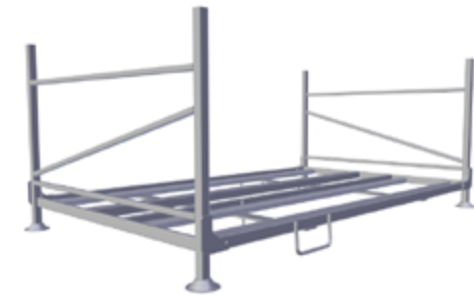

Load capacity	350 kg	Height	1000 mm
Surface finish	Powder coating	Pallets / truck 120 cbm	210
Ground plan	2343 x 1078 mm	Pallets / container 40" HC	130
Stackability	9 / 32	Storing	Vertical

AT 009

Load capacity	350 kg	Height	1057 mm
Surface finish	Powder coating	Pallets / truck 120 cbm	150
Ground plan	2343 x 1328 mm	Pallets / container 40" HC	117
Stackability	8 / 32	Storing	Vertical

AT 35009

Load capacity	350 kg	Height	960 mm
Surface finish	Powder coating	Pallets / truck 120 cbm	150
Ground plan	2350 x 1485 mm	Pallets / container 40" HC	104
Stackability	9 / 40	Storing	Vertical

PALLETS FOR TIRES

Pallets for AGRI/EM tires

As well as pallets for truck tires, even those for AGRI/EM, are structurally designed for a special need for the storage of heavy tires with maximum use of warehouse space. All pallets are stackable, sidewalls are foldable. Easy handling on skids of the fork-lift is ensured by lugs, which are a part of all pallets.

We can offer:

- sales and rental of pallets
- warranty and post-warranty service
- warehouse optimization

Pallets for AGRI / EM tires

AT 010

Load capacity	550 kg	Height	1470 mm
Surface finish	Powder coating	Pallets / truck 120 cbm	98
Ground plan	2293 x 1078 mm	Pallets / container 40" HC	77
Stackability	4 / 20	Storing	Vertical

AT 011

Load capacity	550 kg	Height	1880 mm
Surface finish	Powder coating	Pallets / truck 120 cbm	98
Ground plan	2343 x 1078 mm	Pallets / container 40" HC	77
Stackability	3 / 20	Storing	Vertical

AT 83938

Load capacity	650 kg	Height	2035 mm
Surface finish	Powder coating	Pallets / truck 120 cbm	66
Ground plan	2350 x 1330 mm	Pallets / container 40" HC	25
Stackability	4 / 20	Storing	Vertical

CONTAINERS

Gitterboxes and steel containers

Part of our product portfolio are also special storage systems as of containers and gitterboxes, which are intended in all areas of industry, in particular for the saving and storage of semi-finished products or smaller components. Stackability, easy handling, transport and at the same time high efficiency of use of warehouse space.

We offer:

- sales and rental of containers
- warranty and post-warranty service
- warehouse optimization

Gitterboxes

AT 60635

Load capacity	500 kg	Height	1128 mm
Surface finish	Powder coating	Pallets / truck 120 cbm	52
Ground plan	1710 x 800 mm	Pallets / container 40" HC	30
Stackability	4		

AT 81744

Load capacity	350 kg	Height	1000 mm
Surface finish	Powder coating	Pallets / truck 120 cbm	112
Ground plan	1800 x 1200 mm	Pallets / container 40" HC	60
Stackability	4 / 15		

ASP 009G00

Load capacity	200 kg	Height	535 mm
Surface finish	Powder coating	Pallets / truck 120 cbm	270
Ground plan	800 x 800 mm	Pallets / container 40" HC	225
Stackability	2 / 8		

Containers

AT 203

Load capacity	750 kg	Height	970 mm
Surface finish	Powder coating	Pallets / truck 120 cbm	160
Ground plan	1622 x 1168 mm	Pallets / container 40" HC	100
Stackability	3 / 20		

AT 017

Load capacity	750 kg	Height	938 mm
Surface finish	Powder coating	Pallets / truck 120 cbm	96
Ground plan	1199 x 944 mm	Pallets / container 40" HC	40
Stackability	3 / 20		

ACCESSORIES OHS

Crash protection bars

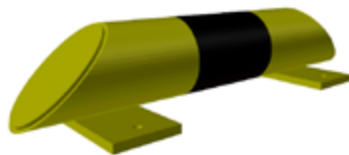

For the completion of your needs in storage spaces, we have also included in our product portfolio crash protection bars in different lengths, which will prevent any damage of the stock systems caused by a palletization cart. At the same time this system will serve as an essential element of OHS (Occupational Health and Safety). Easy handling, installation and variability.

We can offer:

- warranty and post-warranty service
- warehouse optimization

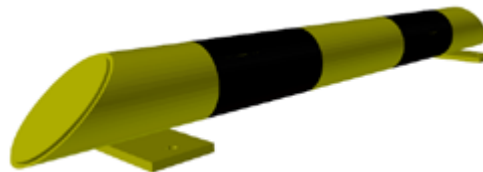

Accessories OHS

Protection bar N 400

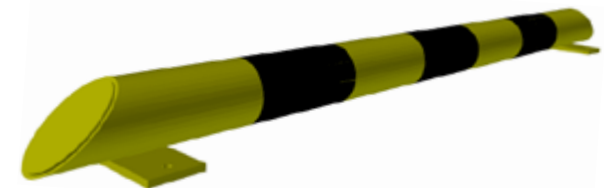

Surface finish Powder coating
Ground plan 400 x 140 x 84 mm

Protection bar N 800

Surface finish Powder coating
Ground plan 800 x 140 x 84 mm

Protection bar N 1200

Surface finish Powder coating
Ground plan 1200 x 140 x 84 mm

MANURACKS

Storage systems

Special steel storage racks are designed for storing different types of goods in all areas of the industry. Their variability ensures an efficient storage of not only boxes, cases, big bags, metallurgical materials, various rolls, but also tires or barrels. Poles can be a fixed part of the rack or they are removable. We offer full floor, perforated steel sheet, welded mesh or steel grids.

We can offer:

- sales and rental of manuracks
- warranty and post-warranty service
- warehouse optimization

Manuracks

AT 12832

Load capacity	600 kg	Height	1380 mm
Surface finish	Powder coating	Pallets / truck 120 cbm	110
Ground plan	1405 x 1405 mm	Pallets / container 40" HC	72
Stackability	4 / 20	Storing	Horizontal

AT 231

Load capacity	800 kg	Height	1620 mm
Surface finish	Powder coating	Pallets / truck 120 cbm	432
Ground plan	1200 x 1200 mm	Pallets / container 40" HC	150
Stackability	4 / 20	Storing	Horizontal

ASP 001M00

Load capacity	1500 kg	Height	1307 mm
Surface finish	Powder coating	Pallets / truck 120 cbm	120
Ground plan	1336 x 1336 mm	Pallets / container 40" HC	80
Stackability	4 / 20	Storing	Horizontal
